This venue seems to be far better than the previous years at The Fleet (time will tell). The parking shouldn't be a problem as there are around 300 spaces available onsite (all free) and around 15 disabled bays for those with Blue Badges (all closer to the main door than the normal parking bays). If you want to use the Disabled Bays please make sure you have your Blue Badge on display in the car. There will be one or two "wardens" in the car park to guide you to free bays in one of the available car parks. Please follow their directions to assist in keeping things flowing. See map below.

In the venue we have use of 3 large rooms plus the foyer area.

We will, as usual, have a reception table to give advice if needed

The foyer is where we intend holding group performances in a section off to the side – this will allow maximum exposure for those groups who keep us entertained on the day.

The main hall will have ALL of the group stands in one place, so no more hunting them out in side rooms.

The Membership Renewals and Applications will be in a side room off of the main hall, and it is larger than the room used last year so should be a little more conducive to form filling.

If you want a cuppa then we have use of the large refectory (canteen), again off of the main hall. We intend providing tea and coffee plus ready-made sandwiches all at a charge (not profit making – just recouping costs). We also intend running a promotional video on a TV in the refreshments room, so you will be able to see many of our groups in action.

There are normal W.C. facilities at the venue plus a Disabled W.C. just off of the main hall. These will all be signposted.
